Director's Message

I welcome you to 'Swami Vivekanand Institute (SVI)', the world's largest Institute disseminating Open and Distance learning. The "Swami Vivekanand Institute (SVI)" Governed by "Vivekanand Patrachar Shiksha Samiti (VPSS)" is committed itself to serve the needs of variety of learners.

In the last few years SVI has been able to establish greater access to a large number of people, rural and urban across barriers of gender, caste, class and creed. As a pioneer in Open and Distance learning (ODL), SVI has been forefront of taking education to the doorsteps of the learners over the years particularly to the remotely located disadvantaged section of society.

The SVI recognizes the importance of sustainable & affordable Online high quality learning modules, courses and programmes across disciplines and at diverse levels to meet the national mission-education for all.

Come and join the SVI of Opportunities.
With best wishes,
(Shree Kant Jha)

Overview

www.sviindia.in

The Swami Vivekanand institute (SVI) is the upshot of a vision of academican economist Swami Vivekananda ji. He wanted to spread the light of education to the Indian masses and SVI was his vehicle for the same.

SVI has grown to become one of the most esteemed and also the largest business school in the world. Spread across India, These courses consist of concepts and case studies that provide broad exposure to relevant business concepts and management specifics. The SVI curriculum also includes an international study tour to different important business centers of the India.

- Introduction of a "Blended Learning" methodology for all our programmes, combining all the three forms of learning, namely, published / printed self-learning material, e-learning, pre-recorded DVD lectures and faculty interaction (Chat Sessions and Virtual Classroom Facility)
- Introduction of highly interactive e-Learning content as a supplementary learning methodology to improve the understanding of concepts through case studies and practical examples, thereby bridging the gap between the book and the classroom. Online assignment system to provide students the flexibility and convenience to submit assignments at any time and receive immediate results and feedback.
- The Virtual Classroom facility with the Faculties has removed the distance barrier between the teacher and the taught. This facility provided by SVI is an additional student support service to interact with faculty members online and live. Students can ask questions, have peer interaction and even replay an archived lecture. Virtual Classroom sessions are conducted for all courses throughout the year.
- Online Faculty Chat Sessions allow students to interact with faculty by typing their questions and receiving immediate answers in an online (www.sviindia.in) environment
- Modular Course System with Credit Banking Facility: Ability to take any Single Course and Bank and Accumulate credits for future transfer to other programs of SVI thus providing Flexible Pathways of Learning.
- Online and On-demand examinations conducted across India and abroad, to provide students the ultimate convenience of booking a date, time and place of their choice to appear for the examinations.
- A dedicated Call Centre with dedicated telephone lines supported by call operators and student counselors to give prompt response / guidance to our students.
- SVI has a powerful web portal, www.sviindia.in providing facilities like - Online Assignment Submission, Online Exam Booking, Message Board, Counseling, Campus-email ID with 10GB mailbox, ability to view Admission Status and Academic Status, etc.

SVI was established under Vivekanand Patrachar Shiksha Samiti (VPSS) Foundation to achieve the following purpose:

- Scholarship for deserving candidates
- Flexibility in getting certificates
- Education at door step through correspondence
- Enhance the career of students in Business and Management sectors.
- Democratizing higher education by taking it to the doorsteps of the learners providing access to high quality education to all those who seek it irrespective of age, region or formal qualifications.
- Short duration programmes in various faculties which enable the candidates/students to acquire value based and world-class Management qualifications while working.

It is an enthusiastic attempt by SVI to expose the best of International Management principles, practices and managerial function to the students.

At SVI, the courses are designed for those who have burning desire to pursue a career in business and management. The students will get qualified without disrupting their current career progression and earning. Such candidates can opt for the flexible Management courses at SVI and get qualified by short duration at their own place.

However, the pursuit of this management programme demands intellectual maturity, strength and willingness to work hard. For those endowed with inquisitive minds and the drive to succeed, this program will be a voyage of discovery leading to professionally satisfying careers.

The learning resources are faculty/ counselors, print material and teaching aids including audio-video aids, video/audio conferencing and computer mediated learning etc. the learning material should be developed ab-initio and self-contained in all respect including the use of work books and structural assignments for continuous learning. The course material that is developed should go through the normal stages of quality control.

Vision & Mission

SVI, the online Open and Distance Learning (ODL), with international recognitions and presence, shall provide seamless access to sustainable and learner-centric quality education, skill upgradation and training to all by using innovative technologies and methodologies and ensuring convergence of existing systems for massive human resource required for promoting integrated national development and global understanding.

To advance frontiers of knowledge and promote its dissemination through sustainable Open Distance Learning systems, seamlessly accessible to all, including those hitherto unreached, from among whom the leaders and innovators of tomorrow will emerge, the SVI shall:

Strengthen the development of the National Resource Centre as a proactive role model for high-quality and learner-centric Open and Distance Learning system;

- * Share professional capabilities and resources to improve standards of distance education in the country;
- * Periodically assess and accredit institutions of Open and Distance Learning to promote centres of excellence in the country;
- * Develop networks, using emerging technologies and methods, with global reach for effective programme delivery;
- * Provide an intelligent and flexible system of education to meet the challenges of access and equity, and work towards development of a knowledge society;
- * Forge convergence of all systems and work for seamless education across national boundaries to develop global collaboration and partnership;
- * Take education to the hitherto unreached and promote community participation for local development through life-coping skills;
- * Provide specific need-based education and training opportunities for continuous professional development and skill upgradation to in-service professionals; and
- * Strive towards continuous development of methods and strategies for research and development for generation of knowledge in frontier areas, including Open and Distance Learning.

Quality Policy

SVI is committed to satisfy our students by providing excellent service in the field of education. We do this by carrying out research, consultancy and training to fulfill the needs and expectation of students, business and society at large. We aim to do this with a high Certification of social sensitivity through innovation and continual....

- To provide scholarships, prizes, medals and /or other awards connected with the examinations held by the institute.
- Upgrading of our skills and provide quick response to their queries.
- To establish accreditation for all the education programs of new economy.
- Nurturing of talent, building a learning environment and developing linkages with universities and institutes for maximum benefit of the student
- Improvement of course curriculum through educational research and dialogue with business enterprises characterized by significance, relevance, excellence and vigor
- Reviewing of institutional processes by involvement of faculties, students and staff using information technology's support to reach maximum of our students and train them

Governed by-Vivekanand Patrachar Shiksha Samiti

Accreditation

Vivekanand Patrachar Shiksha Samiti is Registered society of State Government under society Registration Act 21,1860 And Registration No. is 1739. VPSS is constituted with a great vision to impart the Higher Education at the door step to the any age group and gender who are either employed/semi employed/unemployed/otherwise handicapped residing in remote areas without any access to higher education and unable to attend regular classes. The concept of education through correspondence is the development of 20th century in India . It is known as a system of non-formal education and fulfills the overgrowing aspirations of such men and women who otherwise fail to attend to acquire higher education for their mental growth and equipping themselves with knowledge and skill for obtaining higher education for better opportunity in career. It meets the requirements of the developing country like India where population is increasing. The education through distance mode of learning fulfils the desire of those students who are unable to attend regular class-room teaching. The distance education, promoted by Govt. of India, has motto to impart the education to the door steps of the learners on the pattern of ,Indira Gandhi National Open University, U.S.A. and U.K. VPSS provides facilities to the Institutes to provide the instructional materials through correspondence for all such students/candidates, who can not join regular course of teaching. The institution provides opportunity to the candidates to enhance their knowledge and obtain academic qualifications. The main motto behind it is learn while earn.

Curriculum Design

The programs design inculcates the right attitude. It develops the appropriate skills and impart comprehensive and rigorous knowledge for the students to develop into effective managers and change agents in their respective organizations. The course material includes all the latest headings which many multinational companies entail. In fact all the books, which are provided to the students, have been selected according to the directions of many of the multinational companies.

Education Methodology

The education methodology encourages independent thinking and helps the student in developing holistic perspectives, strong domain knowledge, contemporary skill-sets and positive attitudes. The PGDBM, MBA program has been developed to enable students earn a high quality management qualification. The program allows students to pursue their full-time studies (if any) and working executives to remain in employment or professional practice throughout the duration of study.

Case Study Material

Teaching and learning styles are, by their very nature, changing and in recent years there has been a noticeable move from lecture-based activities towards more student-centred activities. Case studies are an increasingly popular form of teaching and have an important role in developing skills and knowledge in students. This guide explores the use of the case-based approach to support management education and, more specifically, their role in Materials related Higher Education courses. This will include looking at the management courses as well as the more multidisciplinary courses.

Never think there is anything impossible for the soul.
It is the greatest heresy to think so. If there is sin, this is
the only sin? to say that you are weak,
or others are weak.
